I have to date issued well over 400 awards and decisions relating to adjudication and arbitration and have extensive experience internationally on the FIDIC form of contract. I also lecture and teach others on behalf of FIDIC on the FIDIC system and present workshops and seminars throughout the world on behalf of FIDIC. I have given teaching sessions within the EU in relation to the ISPA funding programme. I have published papers on the DAB system under FIDIC and am the author of Dispute Board Rules and Procedures published by the ICE for UK and International use. My co-authored book Dispute Boards Procedures and Practice is published by Thomas Telford (2006). I serve on the ICC Task Force relating to DB Rules and Procedures and am co-author of the ICE UK DB Rules.

I have served and continue to serve on many Dispute Boards under the FIDIC system throughout the world and am President Listed by FIDIC, having undertaken training and assessment for such listing. I am regularly appointed by the ICC and FIDIC when an institutional or Presidential Nomination is requested. I am a Chartered Arbitrator, Accredited Mediator and an international Adjudicator and have extensive experience of dispute resolution on a world wide basis. I have also undertaken the facilitation and mediation of construction disputes where disputed values have ranged from modest sums to claims in excess of \$300M.
